

# **pultra**—HOLSTER— CBRNE GEAR

## MATERIAL OF DUTY HOLSTER UNIVERSAL

Constructed with black 13200 Cordura material, recognized internationally for its durability and waterproof qualities, especially in saltwater conditions.

Features a lining made from HT 6300 Nylon with a waterproof OX finish.

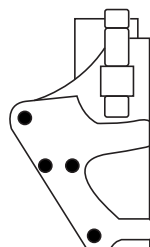

Utilizes a Velcro hook-and-loop system tested to withstand 10,000 cycles of repeated opening and closing.

Stitched with high-strength yarn ranging from No. 5 to No. 10, offering resistance up to 15 pounds. The design includes a vinyl center with a thickness of 1.5-2.4 mm.

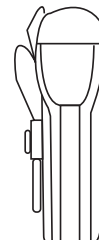

Equipped with a double-lock buckle for enhanced security. The entire item is black in color.

Incorporates rust-resistant screws, a 30mm double-grip elastic band, and durable, non-rusting buttons.

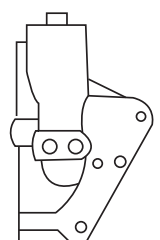

Available in a universal size to fit various applications.
